

GICLÉE FINE ART PRINTS

Giclée and Piezograph Fine-Art Prints

Giclée prints are available on a variety of coated fine art substrates. The 1440 dpi resolution is ideal for reproducing your original art. The ability to print your editions on an as-needed basis makes the Giclée an economical and convenient alternative to other reproduction methods. Multiples of the same image may be tiled on larger full-sheets at no additional cost. Different images on the same sheet require individualized color correction, and will incur retouching / design fees.

Proofing is included, we maintain the quality and consistency of our Giclée prints through a signed and dated final proof that we keep on file. We will not produce final prints without having a signed and dated proof. We will normally make up to two different 8 x 10 inch proofs at no cost, however, if you require additional proofs for your review, the cost is \$15.00 per test. Please allow two days for additional tests. Keep in mind Metallic and Fluorescent paints may require computer time. All proofs remain the property of Reed Photo-Imaging.

B/W Piezograph offers stunning Black and White prints in the same sizes and pricing as we offer Giclée prints. You will be amazed at the beauty of the expanded tonal range and incredible detail these exhibition quality prints can yield. The standard features include continuous-tone like look, image permanence, tonal control and exquisite appearance while offering the unique advantage of greater dynamic range over wet process printing. Add to this the popular advantages of digital printing, such as repeatability and custom printing on demand, and the result is an unbeatable combination. If you need extra white borders around your image or extra material to be used to stretch on a stretcher frame, you will need to figure this into your final print size.

Color Copy Transparencies

Normal Size: 48" x 72" or smaller

Any dimension exceeded is EXTRA LARGE

4 x 5 _____	\$46.00 _____	\$26.40 _____
8 x 10 _____	66.00 _____	43.00 _____

Extra Large: 48" x 72" up to 72" x 108"

Any dimension exceeded needs special permission and pricing

4 x 5 _____	\$92.00 _____	\$26.00 _____
8 x 10 _____	132.00 _____	43.00 _____

Normal and Over Size Service: 2 working days

1 day service add 50% surcharge

Less than 1 day service add 100% surcharge

From books or material requiring special handling and/or layout time, \$20.00 per hour

Removing and replacing artwork from frames, \$15.00 minimum

Maximum size artwork is 48 x 72

Extra Large Size Service: 3 working days

2 day service add 50%

1 day service add 100%

Maximum size artwork is 72" x 108"

Drum, Flatbed and ScanBack Scans

Our high resolution Howtek and Isomet Drum Scanners can capture originals, reflective or transparencies, up to 20"x24". All of our transparency scans are oil mounted to ensure the highest quality scan. RGB colorspace only. Our flatbed can also scan originals, reflective or transparencies, up to 8.5"x14".

	Up to 25 meg	26-50 meg	51-100 meg	101-200 meg	201- 400 meg	401+ meg
Drum Scan _____	\$28.00 _____	\$44.00 _____	\$66.00 _____	\$100.00 _____	\$140.00 _____	\$160.00 _____
Flat Bed scans _____	\$13.75 _____	\$22.00 _____	\$33.00 _____	\$50.00 _____	\$70.00 _____	\$80.00 _____
Scan Back _____	\$66.00 _____					

Suggested dpi for Giclee printing is 200 dpi. Please order your scan size appropriately. You can use the following equation to determine your scan size: **Length x Width x dpi (2) x 3.**

Example for a 20x30 inch print at 200 dpi: 20 x 30 x 200 x 200 x 3 = 72 meg.

Artist Package

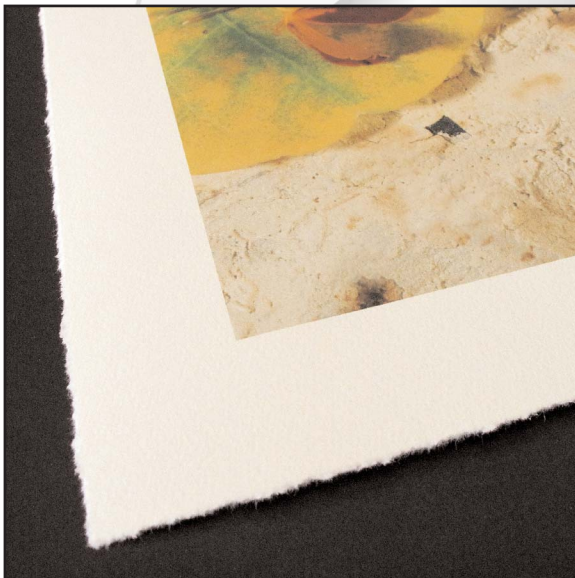

For Artist's buying Limited Edition Fine Art Prints we now offer a 50% discount on drum scanning and digital scan back scans when accompanied with a print order, 16x20 or larger.

Watercolor Papers

We offer 3 variations of canvas stretching:

5/8" stretcher bars - great for a framed presentation.
Image Gallery Wrap not available on 5/8" Stretcher

1" and 2" Standard Face Stretch - *Image on the front only*, white borders and staples on the back side.

1" and 2" *Image Wrap Gallery Stretch* - The image is enlarged to accommodate the chosen stretcher bar size so that image covers all visible sides of the stretchers.
 A colored border can also be chosen - Pick a complimentary or contrasting color for your custom border.

Both Image Wrap Gallery Stretch and the Color Border Wrap Gallery Stretch are frame-less, affordable presentations.
